

Finding Aid for Series RG 55-1

Company charter books

Please read the following instruction carefully to identify the Indexes and charter book you need:

For companies incorporated between 1867 and 1906:

Consult Series RG 55-6 (Index to corporations), which has been microfilmed. The index cards for company names beginning with "A" to "P" are on self-service microfilm MS 480 Reel 1, while company names "Q" to "Z" are on microfilm MS 480 Reel 2. Next to the incorporation date, each index card will list the Liber (volume) and Folio (page) numbers of the registration.

If the Liber/Folio numbers are preceded by the letters "L" or "GS", the registration will be found in the Department of the Provincial Secretary's Series RG 53-41 (Licenses for extra provincial corporations) or RG 53-18 (Great seal books). Consult the descriptions for these series for further instructions on how to access these records.

If the Liber (volume) number is below 351 and there are no letters in front of the numbers, consult the table below to locate the self-serve microfilm reel containing the volume in question.

If the Liber (volume) number is above 350 and there are no letters in front of the numbers, order the Company Charter Book by submitting a request slip with the following information: (1) Reference Code: RG 55-1; (2) the Liber number; (3) name of the corporation; and (4) year of incorporation as given on the card.

For companies incorporated between 1868 and 1908, but which had gone out of business by 1908:

Consult Series RG 55-15-1 (Index to company charters, 1868-1908), which has been microfilmed on self-serve microfilm MS 508 Reel 1 and Reel MS 6596. The entries for each company are arranged alphabetically, then chronologically by date of incorporation. Each entry will list the Liber (volume) and Folio (page) numbers of the registration.

If the Liber (volume) number is below 351, consult the table below to locate the self-serve microfilm reel containing the volume in question.

If the Liber (volume) number is above 350, order the Company Charter Book by submitting a request slip with the following information:

- (1) Reference Code: RG 55-1;
- (2) the Liber number;
- (3) name of the corporation; and
- (4) year of incorporation as given on the card.

For companies incorporated between 1908 and 1946, but which were in operation after 1908:

Consult the inventory for RG 55 in the Main Reading Room of the Archives of Ontario.

For companies incorporated between 1946 and 1971:

Consult the description to Series RG 55-2 (Index to charter books) and order the appropriate container holding the index cards for the company in question. The index card will list the Liber (volume) and Folio (page) numbers of the company registration.

If the Liber (volume) number is below 351, consult the table below to locate the self-serve microfilm reel containing the volume in question.

If the Liber (volume) number is above 350, order the Company Charter Book by submitting a request slip with the following information:

- (1) Reference Code: RG 55-1;
- (2) the Liber number;
- (3) name of the corporation; and
- (4) year of incorporation as given on the card.

For benevolent societies incorporated before 1970:

Consult Series RG 55-7 (Index to benevolent societies corporation files), which has been microfilmed on self-serve microfilm MS 5127. The entries are arranged alphabetically, and will list the Liber (volume) and Folio (page) numbers of the benevolent society's registration.

If the Liber (volume) number is below 351, consult the table below to locate the self-serve microfilm reel containing the volume in question.

If the Liber (volume) number is above 350, order the Company Charter Book by submitting a request slip with the following information:

- (1) Reference Code: RG 55-1;
- (2) the Liber number;
- (3) name of the corporation; and
- (4) year of incorporation as given on the card.

Charter Books	Dates	Microfilm
1-5	1868-1877	MS 6736
